Assumption Parish School Board  
Board President  
P. O. Box 1516  
Napoleonville, LA 70390

Dear Assumption Parish School Board Members:

Please accept this letter as indication of my interest in interviewing for the superintendent position for Assumption Parish. After working as a teacher for 6.5 years and as a principal for the last 19 years, I find myself in a position where I still love serving in education but am yearning to do so in a new environment and different capacity. These last 19 years as principal of Lutcher High School (5 years), Franklin Junior High School (4 years), and Patterson Junior High School (10 years) have been rewarding and challenging, and I am so very appreciative of the experiences in all three places. It is time for me, however, to work with new challenges and opportunities.

Working in education has been a vocation for me. I am attaching three documents: (1) the Assumption Parish School System superintendent application, (2) my current resume, and (3) my current teaching certificate. Based on my work ethic, previous job assignments, and proficient evaluation ratings over the last 25.5 years, please know that I am up to the challenge and would give 100%. While you will notice that I have no formal district-level experience, please know that the principals of the two St. James Parish high schools work very closely with district personnel and Superintendent Cancienne to collaboratively plan for and make decisions regarding the two district high schools (Lutcher High School and St. James High School), the St. James Parish Career and Technology Center, and the St. James Parish Science and Math Academy. We assist with planning for instructional, financial, and managerial topics such as the annual school calendar, district student policy manual, scheduling, curriculum, safety, assessment, technology, maintenance, transportation, and district tax renewals. Please feel free to contact Dr. Cancienne or Board Member George Nassar to discuss my close involvement in district planning and implementation.

If you came to St. James Parish, you would see that I am an enthusiastic risk-taker, a strong team builder/member, an approachable servant leader, a transparent culture and relationship builder, an accountable problem solver, and a collaborative leader ready and willing to sit at the table to ultimately improve teaching and learning practices. You would also see that I am at most of the athletic and extracurricular events supporting our students as they strive to become well-rounded individuals. None of this would stop if I am chosen to be the next superintendent of Assumption Parish Schools. It is in the fiber of my being. While COVID-19 is not what any of us expected, I look forward to working hand-in-hand with you and your team of professional educators to get through and well beyond it. The bottom line for me is that children deserve the best public education possible and it is our duty here in Louisiana to ensure they have the opportunity to receive it.

I look forward to hearing from you.

Respectfully yours,

Molly Davis Stadalis, Ed.D.  
2007 Louisiana Middle School Principal of the Year

**AUTHORIZATION AND RELEASE**  
**IMPORTANT: READ CAREFULLY BEFORE SIGNING**

Louisiana Revised Statutes 17:3884 provides that a school board considering the employment application of a person who has been evaluated in another school system shall request such person's evaluation results as part of the application process and shall inform the applicant that his/her evaluation results will be requested. The applicant shall be given the opportunity to review any information received by the prospective employer as a result of such request and afforded the opportunity to provide any response or information the applicant deems appropriate. Please be advised, therefore, that the Assumption Parish School Board will request evaluation results on you from each of the school districts you have listed in your application. You will be given an opportunity to review the evaluation results received and to provide a response or information if you would like to do so. Any written response or information you might provide will be retained with your application.

Louisiana Revised Statutes 17:15 also requires all applicants for employment to be fingerprinted in order to assist in background checks of those individuals. Should it be determined that any applicant (or employee) has been convicted of one or more of the criminal offenses set forth in Louisiana Revised Statutes 17:587.1(C), then that applicant (or employee) is generally precluded from further employment with the school system. The conviction of other offenses that call into question the applicant's fitness for the position may also preclude employment or continued employment.

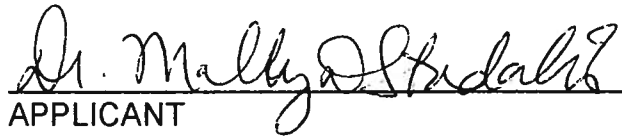

Louisiana Revised Statutes 17:81.9 further requires a school board receiving an application to request that all current and prior school board employers of the applicant provide it with all information in their records relative to instances of sexual misconduct, if any, with students committed by the applicant. This law further provides that the applicant must release all such employers from liability arising from the release of such information to the prospective employer.

Louisiana Revised Statutes 44:1 et al. provides that public records are subject to production to persons requesting such information, including members of the press. Accordingly, I understand that the fact that I am seeking employment with the Board and my application may become public knowledge.

**AUTHORIZATION AND RELEASE**

I certify that the information which I have provided in the attached application is true and complete. I understand that furnishing false information or omitting information on this application could disqualify me from consideration for employment or could lead to my discharge from employment. I have read and agree to the above provisions and hereby authorize the Assumption Parish School Board to request, receive, and review my prior evaluations and information relative to sexual misconduct, if any, with students from all of my current or previous school system employers. I release the Assumption Parish School Board, its members, employees, attorneys, agents, and insurers and all current and former employers, their members, employees, attorneys, agents, and insurers from any liability connected with such disclosures. I further do hereby specifically authorize such current and former employer(s) to release to the Assumption Parish School Board such information and documentation as may be requested in connection with my application for employment with it.
